

# FROM QUARRIES TO ROCK-CUT SITES ECHOES OF STONE CRAFTING

## ONLINE CONFERENCE 25-26 March 2021

The conference aims at carrying on the international debate on the archaeological investigation of ROCK-CUT SPACES and STONE QUARRIES, considered as aspects of the same mining phenomenon: **places in which specific empirical and handcrafted knowledge related to stone working is expressed and conveyed**. The conference envisages a diachronic approach and therefore all case studies are welcome, without chronological limits.

**ABSTRACTS SHOULD BE SENT IN ENGLISH TO  
IRAARGROUP@GMAIL.COM**

**DEADLINE JANUARY 15<sup>th</sup>, 2021**
